

### **Podiatry Bulk billing**

Thank you for taking the time to read through this quick note to explain what is needed from you as a patient of Coast Sport to be able to claim the Podiatry General Care BULK BILLING rate.

- Have you got an active and up to date Enhanced Primary Care (EPC) Plan or Team Care Arrangement (TCA) Letter?
- Are you a pension card holder and/or Health care card holder?

If **yes** to both of these questions, you are eligible for the BULK BILLING RATE for General Care Podiatry.

### **The way it works**

The Medicare bulk billing rate is \$52.95. You will need to pay this at the time of your consultation. If you have registered your bank details with Medicare, our reception staff will be able to immediately process your claim on the spot to receive 100% of that amount back into your bank account (savings or cheque account).

Once the amount of allocated CDM/EPC Podiatry referrals has run out, the cost of the consultation rises to \$66.00. If you have private health insurance, then we can swipe your health fund card for those appointments after you EPC coverage runs out for the year.

If you have any questions, please do not hesitate to contact us to discuss.

Have a great day

Coast Sport
